Nomination for Voice of York Award: Ms. Jeanine Papacharalambous

Dear Members of the Selection Committee:

I support the nomination of Jeanine Papacharalambous for the 2019 Voice of York Award.

As a member of the Office of University Events & Ceremonies, Jeanine is indeed the frontline for many events throughout the year. She offers a constant positive attitude regardless of the challenge, and enthusiastically accepts new and exciting work.

Whether she is interacting with internal/external stakeholders, advising a Dean, greeting the Chancellor, or working with a student or their family, Jeanine handles each situation professionally. Personally, Jeanine has been a tremendous help to my Department by volunteering with the United Way campaign, and her work planning Divisional retreats. I am thoroughly impressed with her attention to detail and polite attitude.

The Division of Advancement has identified and is committed to certain values: Service Excellence; Accountability; Collaboration; and Innovation. Jeanine exemplifies these values and provides this leadership when representing York University.

I firmly support Peter Aylan-Parker's nomination of Jeanine Papacharalambous to receive the Voice of York Award.

Sincerely,

A handwritten signature in blue ink that reads "E. Louise Spencer".

E. Louise Spencer
Executive Director, Development
Assistant Vice-President, Division of Advancement
